

Cascadia R Conf 2025

Sponsorship packages

First held in 2017, Cascadia R Conf is a two-day event focusing on the use of R in the Pacific Northwest. The attendees are data scientists from a wide range of backgrounds and levels of expertise. Over the years the conference has consistently been a highly regarded event, and in 2025, it will be held in-person and virtually.

Our sponsorship packages provide a range of ways that you can promote your business to a broad set of data scientists. These data scientists create a strong pool of people interested in your products and opportunities within your company.

Sponsorship Level	Benefits	Cost
Gold	• A 10 minute talk slot for your company during the conference • The ability to send a promotional email to conference attendees before the conference • Your company branding for one of the coffee breaks during the conference (limited slots available) • All silver level benefits	\$7,500
Silver	• A sponsor booth at the conference to highlight your company • Handouts for your company given out to attendees at the conference registration • All bronze level benefits	\$5,000
Bronze	• Your logo on conference promotional emails • Your logo on the conference website • Free attendance for up to 3 of your employees	\$2,500
